Scouting The Shops

with Sally

Is the world cheating you out of the happiness that should be yours? Are you failing to live up to your highest capabilities? Do you somehow feel that you have missed the joys of fame, fortune and love as you travelled along life's busy pathway?

So do we. This is a troubled world beset by sin and fear. In fact, sometimes things look very dark to us.

But we feel that it is only our humble duty to extend a helping hand to those less fortunate than we (if any). Every columnist has a high responsibility to his public to ease his anguished mind. Onward Dale Carnegie!

Carefully read the questions listed below and answer them fairly and honestly in the depths of your own heart. But do not despair. Even from the darkest night the dawn will break.

Then try the remedies suggested. Soon you will feel like a different man. A surge of joy and confidence will sweep over you, you will find yourself singing in the bath-tub, you will be able to put into effect the Will to Power. Do not despair, the world is yours!

Here are the questions you must ask yourself. And here are the easy ways to turn your defects into assets and use them as stepping stones on the road to an Undreamed-Of- Success. (P. S. and don't ask us how come we are still pounding a typewriter.)

Pencil ready?

1. Do you sometimes feel like a worm?

Do not worry. This is a common ailment and may be due to an unhappy experience suffered in childhood. Eat plenty of red beefsteak from Westlake Market and soon you will recover.

2. Do you sometimes feel that you are losing your mind?

Well, maybe you are. But the

Record Announces Work-Way Plan

"How many enterprising boys and girls has Daly City?" was the implied question put when The Record announced a plan whereby every Daly City youngster could earn his own way to summer camp at Big Basin.

With the combined objective of enabling every local youngster to enjoy a week at camp and of sponsoring a city beautification plan, J. W. Marchbank has set up a fund to pay expenses of any boy or girl who wishes to complete work assignments made by the local recreation office.

Principal work assignment will be for a boy or girl to plant and care for a lawn or garden at his or her own home.

To become eligible for a week at camp with all expenses paid, boys and girls must apply at the Daly City Recreation office, 101 Park avenue, fill out application blanks and receive work assignments.

All applicants are requested to attend a meeting at 3:30 p. m. TODAY at Theatre hall. Parents may attend this meeting, if they wish, to discuss details of the program with WPA recreation officials. (See story in column one for more news about summer camp.) Last week's Shopping News also carried full details.

P. And S. Projects Hold Open House

Daly City's professional and service projects, division of WPA, will hold open house next week, in observance of a National P. and S. week.

The week will start with a dinner, Monday, at which prominent figures will be heard by broadcast. The sewing project will be open to visitors at 6716 Mission street, during the entire week.

Mrs. E. Pierce, local head, will explain to visitors the functions and aims of the department, and cordially invites the public to join in the inspection tour.

Tees for Three

At Yonkers, N. Y., a water tower marks the spot where the first golf tee in this country was located. Early niblick fans, however, found the pasture was too hilly for golf and abandoned what might have been America's first golf course after only three holes had been laid out.

Invite Whiskerinos To Enter Contest

Sporting an array of bushy beards that probably has many a housewife on the warpath, local whiskerinos are steadily increasing in number. Gray beards, red beards, blue beards, long beards, short beards, fancy beards, plain beards—in fact, every kind of imaginable beard and some that even the wildest nightmare could not conjure up.

So many of these chin feathers have been springing up, that Henry Warshawski has offered a prize for the finest of the lot. Levi Strauss company has also put up a prize for the best Daly City beard, and all bewhiskered gentry are invited to scurry over to Henry's and get the details straight from Fiesta headquarters.

White Collar Workers

A remarkable growth has taken place in the number of white collar workers since 1870.

London's Autumn Flowers

In the countryside around London in the fall can be found Heather and Willow Herb in flower, Travelers Joy in the Hedgerows, Convolvulus, Teazles, ivy in bloom, and plenty of blackberries and nuts for the gathering.

Engineers in White

To conform with the color scheme of one streamlined train, the engineer and his assistant are dressed in white instead of in the usual blue overalls.

Foreign Auto Ownership

Of all the countries in the world, only two—Ethiopia and Liberia—have as few cars per person as America did in 1900. They have one auto to 12,000 inhabitants.

American Elevators

There are about 195,000 freight and passenger elevators in American office buildings, hotels and warehouses, each of which travels about 5,000 miles a year.

SCOUTING THE SHOPS

(Continued from Page 1)

main thing is to stay cheerful anyway. Why not round up your pals and have one last fling at the Hilltop Lodge?

3. Are you afraid of your boss?

So are we. Our own solution is to timidly offer him a fresh-baked cooky from Geneva Bakery and a charming smile. P. S. Don't try the charming smile without the cooky. It doesn't work.

4. Do you dislike getting up in the morning?

This is probaby because your subconscious mind knows you are going to get a very mediocre breakfast. Take our word for it, your subconscious mind is hungering for fried eggs and ham from Robertson's Egg store.

5. Do you have neurotic fears of losing the affection of your family and friends?

People respond quickly to a warm personality but they respond even more quickly to a plate of good food. Keep the love of your family and friends by serving them delicacies from Lucca Ravioli's.

6. Does money slip through your fingers?

This will cause untold suffering to those nearest and dearest to you, also to your banker. Go quickly to Venturi's dry-goods store and stock up on specials while prices are low.

7. Are you pale, thin or discouraged?

Of course you are. But prescriptions from Edwards will give you Vim and Vigor.

8. Are you conscious of a feeling of inferiority when you walk into a room?

Take a look at your clothes. They're probably a disgrace to humanity. Then send them to Beeson Cleaners and watch your inferiority complex vanish.

9. Do people avoid you?

Buy yourself a new Willys automobile from Mather Brothers and you'll find that everyone loved you all along.

10. Do you get tired of seeing the same old faces all the time?

We don't blame you. What you need is an evening at the Daly City theatre.

11. Do you sometimes feel that life is not worth the living?

A glass of burgundy from Farmer's Market will make you reconsider. Two glasses will make you change your mind. Three glasses will make you see rose-colored clouds. (Better stop there.)

12. Do you often feel that your home surroundings are drab and grey?

They probably are. Send those rugs and curtains to New Process Laundry for expert attention.

13. Does a fancied slight from your friends bring tears to your eyes?

Don't worry. Go home and play "Old Black Joe" to yourself on the phonograph and forget the old meanies. P. S. Byrne has a truly lovely selection of phonograph records.

14. Do miscellaneous fears beset you, like the fear of starving to death?

Whenever a spell like that comes over us, we go down to Vireno's Market and buy and buy and buy. Then we eat and eat and eat and are not troubled by that fear for some time.

15. Do you wonder how to win the love that you deserve?

This problem has a very simple solution. Just take her on a moonlight ride from the Hollywood Stables.

16. Do you worry about keeping up with the Joneses?

See the car-washing special that Beale's is offering this week. Then you'll be able to make the Joneses neurotic themselves.

17. Do you feel left out when others are having a good time?

Buy yourself a cowboy hat and pistol from Henry Warshawski's and join the fun.

18. Does your wife's conversation annoy you?

Take her to the Perpetual Help or Pershing PTA whist tonight and you'll both have a good time.

19. Do you often feel like chewing nails or eating worms?

This fault requires a Strong Will and a Calm Mind to overcome. Remind yourself that both nails and worms are very indigestible. Then go down to Colma Pioneer Grocery and have something really nice to eat.

Abyssinian Burial Tree

In Abyssinia and other parts of Africa, the baobab tree is often used as a tomb and due to some property of the wood bodies placed therein become mummified.

Satire and National Life

Satire, like the poet's Lily of Malud, is born of corruption; and the "secret mud" that generates it is full of poisonous germs of suspicion, envy, hatred, malice and all uncharitableness. In the literature of a nation satire is generally one of the latest forms of self-expression to be developed and brought to perfection. For the natural impulse of literature, and especially of poetry, is the celebration of what is beautiful and revered.

His Hat in the Ring

"Mahatma" Bailey, assistant football coach at Washington State college, was married recently, reports the American Magazine, and among his wedding presents were 26,000 old hats sent by his alumni friends. They all remembered that Bailey has a habit of throwing his hat down and jumping on it whenever his team faces a critical moment in a game.

Chemical Causes of Cancer

More than 50 different chemicals have been found to produce cancer in man and animals, says Collier's. Strangely enough, they have no other properties in common.

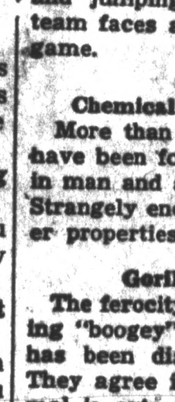
Gorillas Are Sissies

The ferocity of the gorilla, terrifying "boogey" of screen and fiction, has been disproved by explorers. They agree in saying that the animal is extremely shy and difficult to catch sight of, often hiding in the thickest part of the woods on the approach of man.

Gift Booklet for Brides to Be

A supply of Virginia Courtenay's latest Bride Booklet has just been received at this office.

The bride of 1940 will find many helpful suggestions and intimate chit-chat on important subjects; each one may have a copy of this interesting booklet as long as the supply lasts.



HAVE THEY HEARD ...HE MARRIED AN *Angel!*

To be certain they *do* hear this happy news, send Art Point specially processed Wedding Announcements ... a thoughtful gesture which will be warmly appreciated by your friends. Inexpensive ... modern ... impressive.

Ask us for your gift copy of "So You're Going to Be Married"... a clever little booklet containing treasured bits of information that the bride-to-be will cherish always.

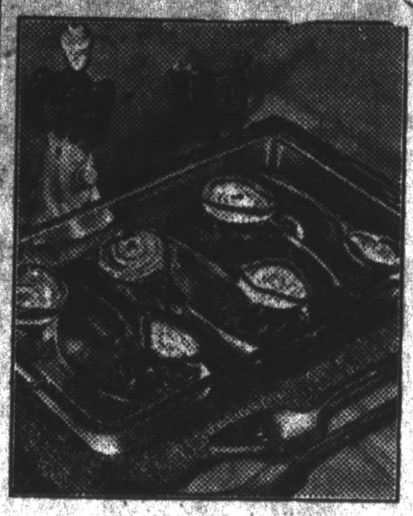
Lamb Chops cooked en Casserole

Dorothy Greig



MEAT casseroles can truly be listed among the delights of life. As an example, consider this Lamb Chop Casserole. The long oven heat coaxes the meat to fork tenderness. The juices from the meat mingle richly with the tomato soup welling in lazy bubbles around the chops. Such a dish is to be eaten with zest and remembered with respect:

Lamb Chop Casserole

5-6 shoulder or rib lamb chops
1 tablespoon flour
½ teaspoon pepper
5-6 slices of onion
5-6 slices of green pepper
1 can condensed tomato soup

Mix the pepper and flour and dredge the lamb chops in the mixture. Then place in a casserole and on each chop place one slice of onion and on the onion place one slice of green pepper Pour one can of tomato soup over all. Cover the casserole and cook in a moderate (350°) oven for 1½ to 2 hours. Serves 5-6.

U. S. Cigarette Manufacture

Three cities in North Carolina—Winston-Salem, Durham and Reidsville—manufacture over half of all the cigarettes produced in the United States.

Westlake Mkt. Offers Prize For Fiesta Costume

Fiesta time is here! Spanish dons, gay senoritas, six-shooting cowboys and early '49ers in full regalia roam Daly City.

Bob Fessenden, proprietor of Westlake Market, corner of Miriam and Westlake avenue, thinks this pre-Exposition fun is the best thing that's taken the public fancy in many a day. In fact, he's so pleased that he is offering a handsome, surprise prize for the best Fiesta costume worn in Daly City.

"I'm inviting every Daly City man, woman and child to enter this contest," said Fessenden.

Entrants are to come to Westlake Market at 11 a. m. on Sunday morning. A picture will be taken of each contestant and displayed at the market May 20 to 24 inclusive. Balloting by Westlake's customers during the five days the pictures are on display will determine the winner. On Saturday, May 25, the lucky prize-winner, who received the most votes, will be announced.

"I will keep a day-by-day tally on display showing the standing of each contestant," promised Fessenden.

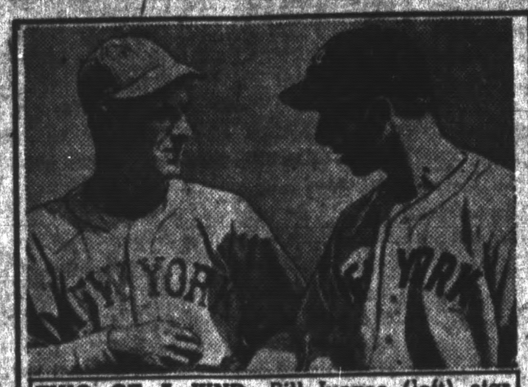
Proper Electrical Service

The home owner, when buying electrical equipment, is cautioned by the Federal Housing administration to bear in mind the type of electrical service he is to receive, as many electrical appliance usable on direct current will not operate on alternating current. Localities where direct service is supplied are declining, but it is still a factor.

Champion Gas-Mask Wearer

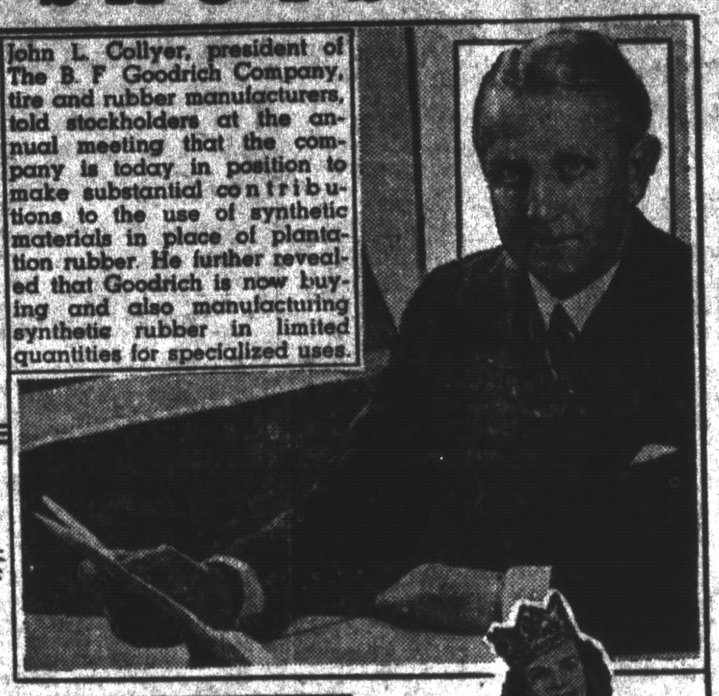
Champion gas-mask wearer of all Soviet Russia is Private Ivan Soloshenko, of the Far Eastern Red army. He won the honor by wearing his mask for 2,520 hours, removing it only to eat his meals.

THE RECORD. SNAPSHOTS

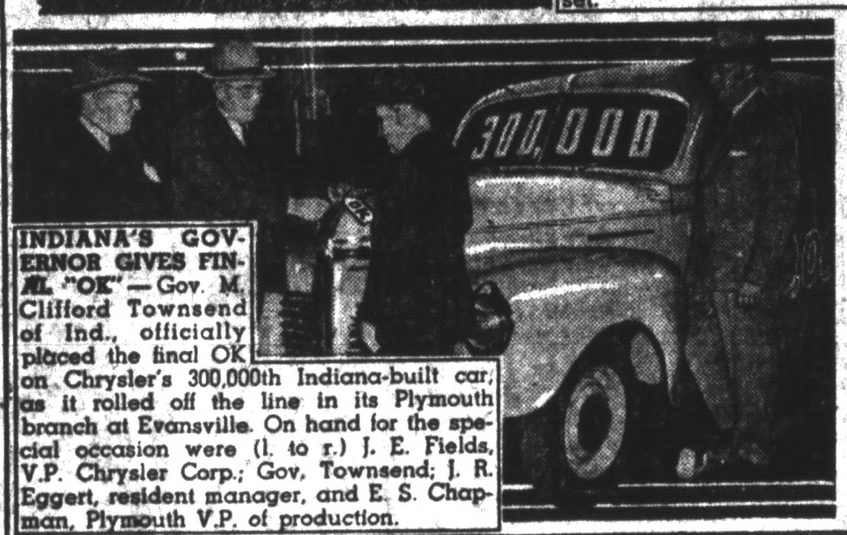


TWO OF A KIND—Bill Jurges (left) star shortstop of the N. Y. Giants and Frank Crosetti, star shortstop of the World Champion N. Y. Yankees, discussing whether they will play against each other in the world series.

John L. Collyer, president of The B. F. Goodrich Company, tire and rubber manufacturers, told stockholders at the annual meeting that the company is today in position to make substantial contributions to the use of synthetic materials in place of plantation rubber. He further revealed that Goodrich is now buying and also manufacturing synthetic rubber in limited quantities for specialized uses.



Persian Cat—Earning its keep in a modern democratic way, has decided that about the best way of doing it is to be harnessed to a cart. Let's hope that the apple cart wasn't upset.



INDIANA'S GOVERNOR GIVES FINAL "OK"—Gov. M. Clifford Townsend of Ind., officially placed the final OK on Chrysler's 300,000th Indiana-built car, as it rolled off the line in its Plymouth branch at Evansville. On hand for the special occasion were (l. to r.) J. E. Fields, V.P. Chrysler Corp.; Gov. Townsend; J. R. Eggert, resident manager, and E. S. Chapman, Plymouth V.P. of production.

Prettiest Model—according to the N. Y. Photographers Association. Angela Green is a 19-year-old model who until a few weeks ago was unknown. Angela takes plenty of exercise and drinks only soft beverages. ??

Farm Accident Ratio

More people are killed in the course of farm work than in any other industry.

American Family Income

Half of America's families receive less than $22 a week, half receive more.

Auto Mass Production

Mass production of autos began in the U. S. in 1900, a year when sales totaled 4,192.

Whist To Benefit Perpetual Help Church

Raising funds for the benefit of Our Lady of Perpetual Help church, local parishioners will hold a huge whist party tonight.

Playing will begin at 8:30 p. m. at Masonic hall. A substantial first cash prize and other worthwhile prizes will be awarded lucky winners. The public is cordially invited.

This month's whist will be under the direction of parish members whose names begin with L and M.

Pershing PTA Whist Tonight At 8:30

Numerous attractive awards have been secured for the General Pershing PTA benefit whist, committee members announced today.

The whist will be held at 8:30 p. m. tonight at the General Pershing school, 631 Hanover street.

"Prizes for this whist will be truly unusual," remarked one of the committee. "We are sure that everyone will enjoy tonight's card party."

The public is cordially invited.

Slate Roofs

When the roof of a home is renewed, the matter of weight of the material selected must be studied carefully. If the old roof is of wood shingles, it is often possible to cover it without removing the old shingles, but if a heavy material, such as slate, is used, the frame must be checked to see if it will safely carry the added weight.

Location of Thermostats

Five feet above the floor is considered a generally satisfactory height for the location of thermostats. They should be placed in locations protected from drafts and not in contact with a large volume of air. The rather bulky thermostat of yesteryear has been beautified, and their location today on the living room wall does not mar the decorative scheme.

Package Receiver

A package receiver, installed in the wall of the kitchen, is a useful but not costly feature which adds considerably to the comfort of the family and to efficiency in the home. It has a self-locking door which opens outside and is insulated and ventilated. Another useful feature in the home is a laundry chute, particularly for homes with basement laundries and second-floor sleeping quarters. They are installed in the walls and have vertical shafts which permit soiled clothes and linen to be dropped directly to the laundry.

Mahogany Native to U. S.

Mahogany is native to the United States. It is found though only in small quantities in southern Florida on the mainland and on the larger of the keys. It is the same species of mahogany that grows in the West Indies, where it is known principally as Santo Domingo or Cuban mahogany. An avenue in Miami is lined for many blocks with mahogany trees. The average person might easily mistake them for ash trees due to the similarity of the leaves. "Mountain mahogany" is a large shrub or small tree found in the western states. It is not a mahogany but a member of the rose family. The wood is very close grained and of a rich red color. The trees are small and the wood has not the stability of mahogany.

Beginnings of Kindergarten

Maria Montessori, the Italian educator, studied at the University of Rome and graduated in medicine in 1894, being the first woman in Italy to do so. She then took up the subject of educating defective children. From the experience thus acquired, she came to the conclusion that similar methods might be applied to normal children of a lower age, and after a series of experiments on a small scale she extended them to a large number of children in private and public nursery schools in Rome. Her ideas on education have been set forth in several books which have been widely translated.

Football Trophy

The John W. Heisman Memorial trophy is awarded each year to the football player deemed the most valuable. It perpetuates the memory of a football coach and gridiron mentor at many colleges for 35 years. The Robert W. Maxwell trophy, also awarded to the outstanding player, is named in honor of Robert W. (Tiny) Maxwell, a former all-America player, sports writer and gridiron official. The August V. Lambert Memorial trophy, emblematic of leadership among eastern gridiron teams, was donated by Victor A. and Henry L. Lambert of New York city in memory of their father, an ardent football fan.

Rome's World Fair

A mammoth aluminum arch 325 feet high and with a span of 756 feet will be the theme center of the Rome 1942 Universal exposition. It will be the biggest construction project ever attempted completely in light metal and will be built of aluminum made in Italy. The arch will be built with steps and fair visitors who enjoy climbing will be able to scale the highest point of the arch for a panoramic view of the Rome fair.

Most Favored Nation

Under the amended 1930 Tariff act every nation is entitled to any reduction in duty given to any other nation, unless the President proclaims that a certain country is discriminating against our commerce. Such a proclamation was made by the President in regard to Germany. Germany is the only country to whom the most favored nation tariff policy is denied.

U. S. Leads in Chemistry

Prof. E. J. Crane of Ohio State university, editor of Chemical Abstracts, has reported that the United States leads the world in chemistry. Germany has dropped to third place and Great Britain to second. Professor Crane's report is based on an analysis of 65,000 chemical discoveries.

Men's Trench Coats

A boom in the sale of men's trench coats is due to the "discovery of young men that their girl friends like a uniform," according to the Wholesale Textile association, of London.

LOOK lady! with JOSEPHINE HUDDLESTON

With new cottons cleverly imitating linen or wool, and rayon looking for all the world like it has been nurtured in the silk worm's cocoon, today's shopper needs some reliable tests for fabrics on her shopping list, too.

These tests come from the laboratories of the American Institute of Laundering and are practical as salt. You'll need a packet of matches when making the tests for you'll be burning threads pulled out of the fabrics under consideration.

Burning pure wool smells like burning hair whether the odor comes because a live cigarette ash dropped on your new tweed suit or from a single thread unraveled from fabric at the sales counter.

And, if you've never burned your hair and aren't familiar with the odor, look at the ash. If it is black metallic, the thread is woolen. Also, wool burns very slowly.

Pure silk burns in exactly the same way except it burns slowly, instead of very slowly. The appearance of the ash is black metallic and the odor is of burning hair.

Cotton, however, smells like burning paper, burns with a flare and leaves a gray powder. Linen burns quickly, but not with a flare, and has the odor of burning paper and the gray powder ash.

Among the synthetic fabrics, we're apt to get into trouble with mixtures such as wool and rayon, and all the other combinations of pure and synthetic fabrics which are making life a none too sweet mystery these days.

Wood Burning Viscose

But, this much is reasonably safe: viscose synthetic fabrics made of pure cellulose respond to the burning test with an odor of burning wood, fast burning and a gray powder, the same as linen.

The cellulose acetates, however, burn slowly, have the odor

of burning wood and form a hard black bead instead of an ash.

And, if you're shy about whipping out your matches and starting miniature bonfires in department stores, you'd better confine your buying to those stores which sell "tested" fabrics and so are able to stand behind their merchandise.

Radio Announcers' Diction

One of the requirements of the major radio networks is that announcers' diction should be free of all sectional accents.

African Field Hockey

Field hockey's the thing with South African women and they will send a team to England to compete in international matches.

Chemical Energy Relationships

Today chemists without having to conduct a single experiment can frequently calculate whether a certain product can be produced from new and untried raw materials, the American Chemical society reports. Energy relationships are studied to learn whether or not an untried reaction will liberate free energy. Energy has a natural definite tendency to scatter, and this tendency provides the driving force of chemical reactions.

Movie Fan

On a visit to the penal colony on Devil's island, French Guiana, Cameraman Pierre-Andre Martineau discovered the world's most enthusiastic movie fan. He was a convict whose body bore tattooed portraits of Garbo, Marlene Dietrich, Mary Pickford and other film stars. His gallery is now complete; he has no more room for pictures.

Height of Chimneys

Height plays a considerable part in the efficiency of a chimney, many authorities maintain. For this reason, chimney heights of 30 to 35 feet as a minimum are recommended. Any arbitrary minimums must be considered in the light of local conditions, however, as overhanging trees, the height of the chimney above the roof, and strong prevalent winds can cause disturbance in the draft action.

Development of Bicycle

The general idea of the bicycle is suggested in ancient carvings, but the machine was not successfully developed until the Nineteenth century.

Auctioneer Is Boss

American courts have held that an auctioneer is not compelled to accept the highest bid, according to Collier's. In a Minnesota case, a house was sold to the first bidder for $675 after the second and only other bidder had offered $680. The auctioneer refused to consider such a trifling increase. So the second bidder sued but lost his case on the ground that no contract exists until the offer to purchase is accepted by the auctioneer.

Largest Jewel

The Smithsonian institution has acquired the world's largest jewel. The stone is an almost flawless crystal of topaz, weighing 183 pounds, or 350,000 carats. The average topaz for a ring or necklace weighs about five carats. The huge gem was discovered in the Minas Geraes province of Brazil. Its color is pale blue on the outside and a pale sherry on the inside.

Stockings for a Queen

Weaving is one of the oldest arts, but knitting was not discovered until about 1400. Some 200 years later, Rev. William Lee of Nottingham, England, invented a knitting machine. He knit a pair of stockings for Queen Elizabeth but she was reported as disappointed because they were coarse. Rev. Lee then perfected a new machine, and knit the queen a pair of silk stockings.

Novel Pest Cure

When a Wyoming farmer wanted his fields cleaned of grasshoppers, he hired a neighbor's turkeys, paying so much each day until the land was free of the hoppers.

In The Mission Trails Garden at Fair in '40

Among the most beautiful structures on Treasure Island is that of the Mission Trails, one of the nine county group buildings under the jurisdiction of the California Commission for the Exposition. Pretty Miss Magdalena Derzoff, who plays the part of a Spanish senorita in "America! Cavalcade of a Nation," huge Exposition spectacle is shown inspecting the building's old Spanish fountain. Counties included in the Mission Trails group are San Mateo, Santa Clara, Monterey, San Benito, San Luis Obispo, Santa Cruz, Santa Barbara.

Lake George Discovery

Lake George was discovered in 1646 by Father Isaac Jogues, known as the French ambassador of peace to the Indians. A statue of the priest and explorer has recently been unveiled on the shores of the lake.

National Park Visitors

Travelers from 22 foreign countries, five United States possessions, the 48 states and the District of Columbia were among the 361,787 visitors to Mount Rainier National park last year. It was the second largest number of visitors in history.

At Last—Nylon Reaches Hosiery Counter

Retail distribution of nylon hosiery, hailed as the "successor to silk stockings" began today. Kay Morrow is shown modeling a pair of the new stockings, made principally of coal.

Plan Hobby Section At County Fiesta

Have you a Hobby you would like to have on display at the 1940 San Mateo County Fiesta?

The board of directors of the 1940 Fiesta are planning several entirely new features this year. One department which is expected to attract considerable interest will be a Hobby section. Displays in this new section will be accepted from everyone who has a hobby—old and young alike.

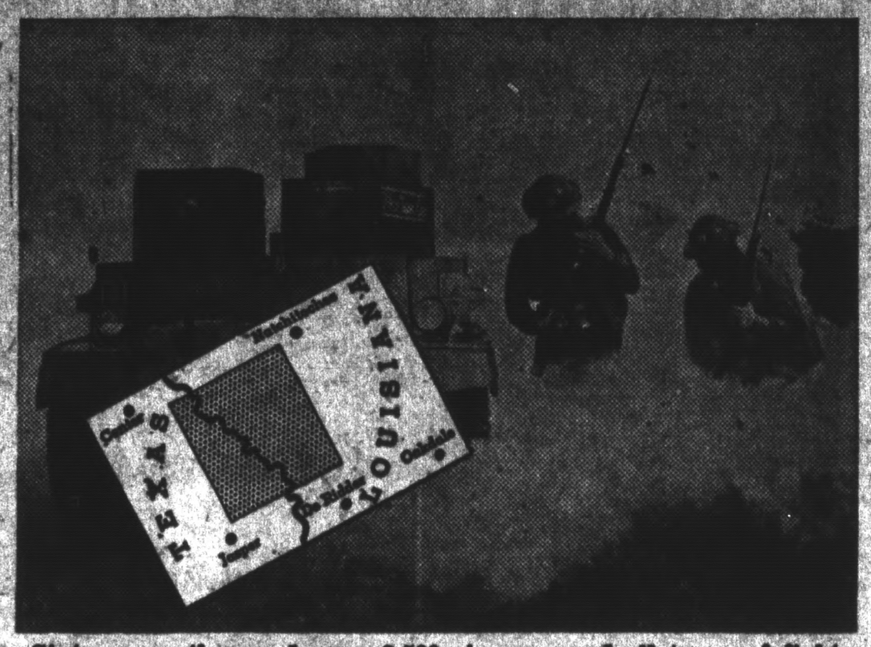
Everyone inteersted in exhibiting in this Hobby section is invited to get in touch with the Fiesta office, 72 Third avenue, San Mateo.

Red Cross Urges Aid For War Refugees

A new shipment of wool has just been received by the San Mateo County Chapter American Red Cross and is now available for distribution to those desiring to knit for civilian refugees from the war, which at present are refugees from Finland and Norway.

"There is a greater need at present than ever before for knitted articles," Miss Chesebrough said, "and I urge those who knit to secure wool now."

Army Begins Huge War Games in South



Sixty-seven thousand men, 2,500 airpanes and all types of fighting equipment are participating in America's most extensive army maneuvers which opened Monday in a sparsely settled area of Texas and Louisiana. Map shows general section where games are being held.

Probating Wills

It is necessary that any will which is produced must be probated. This is for the double purpose of protecting the wishes of the deceased and the rights of his declared heirs. It also assures that any government taxes will be paid.

Phosphorous Buttons

After weeks of stumbling over each other in the pitch black streets, Berliners are now wearing round buttons the size of a penny around the neck or in the button hole. Covered with phosphorous, they glow in the blackness.

SUNDAY DINNER Suggestions

IN a rapidly changing world, one American custom remains static—a Sunday dinner planned with care and forethought because that day is usually the only one when the entire family is together for a leisurely meal. With so many fresh foods available on the market today, planning a satisfying, colorful and good menu for those Sunday dinners should present no problem for the homemaker.

When marketing for your Sunday dinner this week, you might notice that especially good vegetable buys are asparagus, beans, beets, cabbage, carrots, peas and spinach. Strawberries, pineapple, grapefruit and oranges are economy finds in the fruit departments.

Fresh cuts of pork are slightly lower this week. Good meat buys are steaks, smoked tongues, chucks of lamb and sliced bacon. Fowl prices are fair, and ducklings are an excellent value. If your family likes shad, now is the time to purchase this, for the season is at its peak. Codfish steaks, butterfish, flounder, porgies, fresh mackerel, clams and halibut are all excellent fish buys.

Here are three menus, tested by Cora Anthony of the A&P kitchen, for Sunday dinner menus:

Low Cost Dinner
Pot roast with buttered noodles
Buttered fresh spinach
Stuffed prune salad
Bread and butter
Chocolate Pudding
Coffee Tea Milk

Moderate Cost Dinner
Roast Loin of Pork
Browned new potatoes
Fresh buttered peas
Cole Slaw
Rolls and Butter
Fresh Rhubarb Pie
Coffee Tea Milk

Very Special Dinner
Fresh Cantaloupe
Individual T-bone Steak
Latticed Potatoes
Buttered Fresh Asparagus
Tomato Salad
Rolls and Butter
Fresh Pineapple Sundae
Tea Coffee Milk

Beefsteak is Favorite Dish
A survey of restaurants disclosed that beefsteak is the favorite dish in the United States, with corned beef and cabbage second.

Unlawful Land Possession
In most states, land that has been in the unlawful possession of one individual for a period of 20 years automatically becomes his property.

SOLDIER OF FORTUNE

Spencer Tracy as that empire winner, Indian fighter, and soldier of fortune, Major Rogers in the Technicolor filmization of Kenneth Roberts' epic tale, "Northwest Passage," currently playing at the Daly City theatre.

Eight Ounce Gloves
The International Amateur Boxing federation has stipulated gloves in bouts under its jurisdiction must weigh eight ounces, the leather and stuffing not to exceed four ounces each.

U. S. Mutton Consumption
Nearly two-thirds of all the lamb eaten in the United States is consumed north of Washington and east of Pittsburgh, an area which grows less than 5 per cent of the country's sheep.

Money in Your Pocket
You don't have to shoot the bill collector or put in a new furnace to save on your winter fuel bill. Scientists of a major glass company have found that savings up to 30 per cent can be obtained by "window-conditioning" a house with storm sash.

Longest Army Gun Range
In the American army the 16-inch gun has the longest range, approximately 30 miles. The Paris guns used in the bombardment of the city of Paris during the World war had a possible maximum range of 79.5 miles, the longest range of any gun known.

...ulation Terms Defined
"Fully insulated" and "completely insulated" are two terms frequently misused, FHA officials say. "Fully insulated" means that the house is equipped with both wall and roof—or top-floor ceiling—insulation. Both new and already-built houses may be "fully insulated."

Western Duck Sickness
Vaner T. Wilson is one hunter who doesn't take his prizes home with him; he sets them free, reveals the American Magazine. Wilson is head of the Bear River Migratory Bird refuge at Brigham, Utah. He scours the marshes for sick ducks, and every year cures thousands of their most deadly disease—western duck sickness. The plague was brought on when irrigation projects took away too much water.

Arbitrary Date Line
The International Date Line is an irregular line which is drawn somewhat arbitrarily on the map of the Pacific ocean, near the 180th meridian of longitude. This line marks the place where navigators "change their date" on the trans-Pacific voyage. The line is drawn on the map in a general north-and-south direction, separating the islands of the Pacific ocean in such a manner that all those in the east carry the same date as the United States, and those in the west the same date as Japan and Australia.

Swiss Steak With Special Baked Potatoes

Have round steak cut thick. Dredge with flour and brown on both sides in hot lard. Season with salt and pepper. Slice onion rings over the top, if desired. Add one-half cup water or tomatoes. Cover tightly, and cook in a moderate oven (350° F.) until the steak is done, about two hours.

Special Baked Potatoes

Wash and rub large baking potatoes with lard, and place them in a moderate oven. Bake until done. Then remove them from the oven, cut the potatoes in half lengthwise and remove the centers. Mash, season and beat, slowly adding heated milk, until potatoes are fluffy. Fill potato shells with mashed potatoes decorating the top by forcing the mashed potatoes through a pastry tube. Return them to the oven for long enough to brown slightly. Serve with Swiss steak.
